

CUSTOM PALLETS, CRATES & BOXES · SPECIFICATION SHEET

Export Wooden Crates & Plywood Boxes

Fully enclosed ISPM-15 crates and plywood cases for machinery and high-value goods.

We build closed crates, open-slat crates and plywood cases with integrated pallet bases for sea, air and road export. Options include foil/VCI lining, foam cushioning, shock indicators and lifting points. Every crate ships with ISPM-15 stamping and a packing spec sheet .SIZES & LOAD RATINGS

Size L × W × H (mm)	Static load	Dynamic load	Racking load	Weight	Note
Any size up to 6000	Up to 20,000 kg	Per design	—	Varies
